*The care you want
When you need it most*

NRVCS CRISIS RECEIVING CENTER

Urgent care for your
behavioral health needs

A program of
New River Valley
Community Services

401 W. Main Street
Radford, VA 24141

Welcome

The NRVCS Crisis Center is a local and specialized alternative to the emergency room for behavioral health assessment and support. This space provides a calm and supportive environment while also helping individuals in need connect more rapidly with resources and care.

Who should come to the Crisis Center?

Services are open to adults struggling with mental health or substance related difficulties who need urgent access to counseling, psychiatric assessment, peer recovery services, or who need assessment and referral for inpatient treatment.

Each Crisis Center guest receives a variety of services, tailored to meet their specific needs. Our goal is to get you connected to the right care and supports just when you need it.

We have the care you need:

- Nursing and medical screening
- Counseling
- Care coordination
- Peer recovery services
- Psychiatric evaluation and prescribing if needed
- Assistance with crisis stabilization or inpatient admissions
